

Division of Condensed Matter Physics-AAPPS

- Promote international exchange through AC2MP and co-sponsored symposiums at annual meetings of each association.
- Public relations, improve our website and newsletters.
- Contribute to the development of AAPPS
- Academic exchanges with regional condensed matter physics organization in Europe and America
- Increase the visibility of condensed matter physics activities in Asia-Pacific area.

The 16th Asia Pacific Physics Conference (APPC16)

The Association of Asia Pacific Physical Societies (AAPPS) and the Chinese Physical Society (CPS) are delighted to announce that the 16th Asia Pacific Physics Conference (APPC16) will take place in Haikou, China from October 19th to October 24th, 2025.

口頭発表
申込数

48th Annual Condensed Matter & Materials Conference in conjunction with 6th Asia-Pacific Conference of Condensed Matter Physics

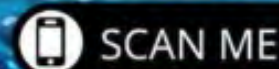

9 to 13 February 2026 Charles Sturt University, Wagga Wagga, NSW, Australia

Abstracts close

1 November 2025

Registration
closes (early bird)

8 December 2025

招待講演の推薦を9月25日まで受け付け中
登録受け付け 開始

DCMP Young Scientist Award

AAPPS CN-Yang Award, 50名程度の応募, 分野バランスもあり
凝縮系には狭き門

Eligibility

1. PhD in physics or an equivalent degree no more than 8 years prior to the date of nomination.
2. The awardee must have done the work to be awarded when one had an affiliation to an institution in the AAPPS member country region.
3. The awardee must have an affiliation to an institution in a member country region at the time of nomination.
4. The awardee must be the member of the DCMP.

Selection Process

The selection will be made in two-steps processes

1. Selection of the several final candidates by the review of the application documents
- 2. Presentation at the DCMP annual conference-AC2MP and the final decision**
3. The award consists of one gold medal and a few silver medals. of the prize
